All amounts are included in the definition of gross receipts unless specifically excluded as provided in subsection (E)(2) of this section. In determining whether an amount is or is not included in gross receipts the burden of proof is on the off-airport rental car company and all exclusions in subsection (E)(2) of this section will be construed narrowly.

2. Gross receipts shall not include:

- (A) Taxes—Any fee or other charge levied by Federal, State, County or municipal government that is explicitly identified by the taxing authority as a tax levied on the customer and required by law to be separately stated.

- (B) Customer facility charge—As defined in Section 4-79 when collected and remitted to the City.

Each off-airport rental car company understands that the City does not support the practice of transferring the company obligation for payment of the fees due under this article to its customers. Except as provided under Section 4-79, each off-airport rental car company is prohibited from stating or implying, in writing or orally, that the City or airport imposes or approves of any direct charge to its customers, including any surcharge that the company passes on to its customers to recoup airport use fees. If an off-airport rental car company separately states and imposes a fee recoupment charge, recovery fee, or surcharge on its customers, that charge shall be immediately adjacent to time and mileage charges on the customer's invoice and shall not be described as a tax.

H. Each off-airport rental car company shall report all income, both cash and credit, in its monthly gross receipts statement to the City.

I. All off-airport rental car companies shall keep true and accurate account records, books and data which shall, among other things, show all sales made and services performed for cash or credit or otherwise, without regard to whether paid or not, and also the gross sales of said business and the aggregate amount of all sales and services and orders, and of all of the off-airport rental car company's business conducted from the airport.

J. The City and its agents shall have the right, at all reasonable times and during all business hours, to inspect and examine such records, cash registers, books and other data as required to confirm the gross receipts as defined above.

K. Within 90 days after the end of each calendar year, the off-airport rental car company, at its sole expense, shall submit to the City a certified annual statement of gross receipts, prepared by an independent certified public accountant in accordance with the statement on auditing standards issued by the Standards Board of The American Institute of Certified Public Accountants ("AICPA Standards"), as the same may from time to time be amended or superseded:

Annual Gross Receipts	Annual Audit Statement
\$0.00—\$999,999.00	File a written audit statement based on a review which indicates that nothing in the

	inquiries or analytical testing has caused the reviewer to determine that the off-airport rental car company's payment of the concession privilege fee was inaccurate.
\$1,000,000.00—Up	File a written audit statement based upon an examination which contains an opinion that the concession privilege fees paid by the off-airport rental car company for the calendar year were made in accordance with the terms of this article. If the off-airport rental car company delivers a qualified opinion, an adverse opinion or a disclaimer of opinion as defined by the AICPA Standards, this shall constitute a failure to comply with the annual statement requirement.

L. In the event of an overpayment or underpayment by the off-airport rental car company, an amount equal to such payment shall be promptly paid by, or credited to, the off-airport rental car company. If, through an audited statement, it is established that the off-airport rental car company overpaid the City, reimbursement will be conditioned upon the off-airport rental car company providing reasonable justifications for the overpayment that are satisfactory to the City.

M. Off-airport rental car company vehicle fees shall be paid in accordance with the following schedule:

1. All fees assessed pursuant to this section shall be paid on a monthly basis on or before the twentieth day of the month next succeeding the month in which the fee accrues, and payment shall be made with forms prescribed by the Aviation Director for reporting, computing and remitting said fees.
2. Fees shall be deemed delinquent and assessed a delinquent account fee in accordance with Section 4-7.

N. Taxicab fees shall be assessed and collected in accordance with the current service contracts between each contracted taxicab owner and the City.

O. The Aviation Director may, in the Aviation Director's sole discretion, waive any or all of the fees assessed by this section at Phoenix Goodyear Airport or Phoenix Deer Valley Airport when the Aviation Director determines that it is not cost-effective to assess and collect such fees.

P. Failure to comply with the terms of this article or pay the fees as required may result in a nonrenewal of the commercial ground transportation permit as provided in Section 4-68, or a suspension or revocation of the permittee’s permit as provided in Section 4-75.

SECTION 7. This Ordinance is effective February 1, 2020.

SECTION 8. All other provisions of Chapter 4, Article IV, of the Phoenix City Code, not specifically amended hereby, or renumbered as necessary, will remain in full force and effect.
