PROJECT BACKGROUND

QuikTrip Corporation conducted an Option 2 Pre-App meeting for the proposed QuikTrip Store 1535 located at the southwest corner of 35th Ave and Broadway Road. During the pre-application meeting it was discovered that the site is tied to an existing zoning case, Z-SP-9-22, which includes multiple stipulations that conflict with the proposed use of this site. The zoning was approved in Feb. 2023 when the site had a proposed use of a self-storage facility.

DESCRIPTION OF PROPOSAL

The current proposal seeks to address these conflicts by removing the applicable stipulations to accommodate the development of QuikTrip Store 1535. The following section provides a detailed description of the proposed development and outlines the necessary modifications to align with the new intended use.

EXISTING STIPULATIONS TO BE MODIFIED

The following stipulations from Z-SP-9-22 (Ordinance G-7072)

1. This development shall be in general conformance with the site plan date stamped November 29, 2022, as modified by the following stipulations and approved by the Planning and Development Department.
2. The development shall be in general conformance with the elevations date stamped October 26, 2022, as modified by the following stipulations and approved by the Planning and Development Department.
4. A minimum 6-foot tall wrought-iron fence, solid wall or combination thereof, shall be provided along the western property line between the existing ally and Building B, as depicted in the site plan date stamped November 29, 2022, as approved by the Planning and Development Department.
16. No monument or ground signs shall be permitted on the site.
17. No illuminated signs are allowed on Building B, as depicted on the site plan date stamped November 29, 2022

PROPOSED MODIFICATIONS

1. This development shall be in general conformance with the site plan date stamped ~~November 29, 2022, 2025~~, as modified by the following stipulations and approved by the Planning and Development Department.
2. The development shall be in general conformance with the elevations date stamped ~~October 26, 2022, 2025~~, as modified by the following stipulations and approved by the Planning and Development Department.
4. A minimum 6-foot tall wrought-iron fence, solid wall or combination thereof, shall be provided along the western property line between the existing ally and Building B, as depicted in the site plan date stamped November 29, 2022, as approved by the Planning and Development Department.
16. No monument or ground signs shall be permitted on the site.
17. No illuminated signs are allowed on Building B, as depicted on the site plan date stamped November 29, 2022

RATIONALE

The rationale for each of the stipulation modifications are as follows:

Stipulation 1: We formally request this stipulation be revised to accept a new site plan as the approved site plan for a self-storage facility is not consistent with the proposed use of a C-store and fueling station.

Stipulation 2: We formally request that this stipulation be revised to accept new building elevations as the approved building elevations for a self-storage facility are not consistent with the proposed use.

Stipulation 4: We formally request that reference to Building B and to the site plan dated November 29, 2022 be removed as the site plan will no longer be followed. QuikTrip will continue to provide the fence along the western property line.

Stipulation 16: We formally request that this stipulation be removed so Monument signs are able to be provided on the site. The signs are necessary to provide adequate time for the travelling public to view the site and make safe lane maneuvers to enter.

Stipulation 17: We formally request that this stipulation be removed as the proposed layout does not correspond with the site plan dated Nov. 29, 2022, and Building B no longer exists.

ORDINANCE G-7072

AN ORDINANCE AMENDING THE ZONING DISTRICT MAP
ADOPTED PURSUANT TO SECTION 601 OF THE CITY OF
PHOENIX ZONING ORDINANCE BY CHANGING THE ZONING
DISTRICT CLASSIFICATION FOR THE PARCEL DESCRIBED
HEREIN (CASE Z-SP-9-22-7) FROM C-2 (INTERMEDIATE
COMMERCIAL) TO C-2 SP (INTERMEDIATE COMMERCIAL,
SPECIAL PERMIT).

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF PHOENIX, as
follows:

SECTION 1. The zoning of a 5.43-acre property located at the southwest
corner of 35th Avenue and Broadway Road in a portion of Section 27, Township 1
North, Range 2 East, as described more specifically in Exhibit "A," is hereby changed
from "C-2" (Intermediate Commercial) to "C-2 SP" (Intermediate Commercial, Special
Permit) to allow self-service storage and all underlying C-2 uses.

SECTION 2. The Planning and Development Director is instructed to modify the Zoning Map of the City of Phoenix to reflect this use district classification change as shown in Exhibit "B."

SECTION 3. Due to the site's specific physical conditions and the use district applied for by the applicant, this rezoning is subject to the following stipulations, violation of which shall be treated in the same manner as a violation of the City of Phoenix Zoning Ordinance:

Mod 1. The development shall be in general conformance with the site plan date stamped November 29, 2022, as modified by the following stipulations and approved by the Planning and Development Department.

Mod 2. The development shall be in general conformance with the elevations date stamped October 26, 2022, as modified by the following stipulations and approved by the Planning and Development Department.

3. A minimum 25-foot-wide landscape setback shall be provided along the western portion of the site and planted with minimum 2-inch caliper, evergreen trees, planted 20-feet on-center or in equivalent groupings, providing a solid minimum 30-foot vertical screen at maturity, as approved by the Planning and Development Department.

Mod 4. A minimum 6-foot-tall wrought-iron fence, solid wall or combination thereof, shall be provided along the western property line between the existing alley and Building B, as depicted in the site plan date stamped November 29, 2022, as approved by the Planning and Development Department.

5. All uncovered surface parking lot areas for employees and customers shall be landscaped with minimum 2-inch caliper large canopy, drought-tolerant shade trees. Landscaping shall be dispersed throughout the parking area and achieve 25% shade at maturity, as approved by Planning and Development Department.

6. Where pedestrian pathways cross drive aisles, the pathway shall be constructed of decorative pavers, stamped or colored concrete, or other pavement treatments that visually contrast with the adjacent parking and drive aisle surfaces, as approved by the Planning and Development Department.
7. A minimum of two bicycle parking spaces shall be provided through Inverted U and/or artistic racks located near building entrances and installed per the requirements of Section 1307.H. of the Phoenix Zoning Ordinance, as approved by the Planning and Development Department.
8. The landscape strips located between the detached sidewalk and back of curb along 35th Avenue and Broadway Road shall be planted to the following standards, as approved by the Planning and Development Department.
 - a. Minimum 2-inch caliper single-trunk, large canopy, drought-tolerant shade trees planted minimum 20 feet on center or in equivalent groupings, providing a minimum of 75% shade at maturity.
 - b. Minimum 5-gallon shrubs providing 75% live cover at maturity.

Where utility conflicts exist, the developer shall work with the Planning and Development Department on alternative design solutions consistent with a pedestrian environment.

9. The developer shall replace the existing rolled curb with vertical curb along Tamarisk Avenue, as approved by the Planning and Development Department.
10. The developer shall dedicate 10 feet for the east side of the alley, as approved by the Planning and Development Department.
11. The developer shall construct all streets within and adjacent to the development with paving, curb, gutter, sidewalk, curb ramps, streetlights, median islands, landscaping and other incidentals, as per plans approved by the Planning and Development Department. All improvements shall comply with all ADA accessibility standards.
12. If determined necessary by the Phoenix Archeology Office, the applicant shall conduct Phase I data testing and submit an archaeological survey report of the development area for review and approval by the City Archeologist prior to clearing and grubbing, landscape salvage, and/or grading approval.

13. If Phase I data testing is required, and if, upon review of the results from Phase I data testing, the City Archeologist, in consultation with a qualified archeologist, determines such data recovery excavations are necessary, the applicant shall conduct Phase II archeological data recovery excavations.
14. In the event archeological materials are encountered during construction, the developer shall immediately cease all ground-disturbing activities within a 33-foot radius of the discovery, notify the City Archeologist, and allow time for the Archeology Office to properly assess the materials.
15. Prior to preliminary site plan approval, the landowner shall execute a Proposition 207 waiver of claims form. The waiver shall be recorded with the Maricopa County Recorder's Office and delivered to the City to be included in the rezoning application file for record.

Del 16. No monument or ground signs shall be permitted on the site.

Del 17. No illuminated signs are allowed on Building B, as depicted on the site plan date stamped November 29, 2022.

SECTION 4. If any section, subsection, sentence, clause, phrase or portion of this ordinance is for any reason held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions hereof.

PASSED by the Council of the City of Phoenix this 1st day of February, 2023.

ORDINANCES, RESOLUTIONS, AND NEW BUSINESS

Mayor Gallego requested a motion on the remaining agenda items. A motion was made, as appears below.

One electronic comment was submitted for the record in support of Item 49.

Discussion

Prior to his vote, Councilman DiCiccio commented on his long-standing involvement with the emergency clause.

Following her vote, Mayor Gallego noted that the item Councilman DiCiccio mentioned was to appoint election officials and boards for the March 14, 2023 runoff election. Mayor Gallego stated that the current agenda included infrastructure and housing of 400 housing units.

A motion was made by Vice Mayor Ansari, seconded by Councilwoman Guardado, that Items 21-56 be approved or adopted, except Items 23, 27, 34, 40, 53-54 and 56; continuing Item 55 to the Feb. 15, 2023 City Council Formal Meeting; and noting that Item 28 has an Emergency Clause and Item 34 is as corrected. The motion carried by the following vote:

Yes: 9 - Councilman DiCiccio, Councilmember Garcia, Councilwoman Guardado, Councilwoman O'Brien, Councilwoman Pastor, Councilwoman Stark, Councilman Waring, Vice Mayor Ansari and Mayor Gallego

No: 0

Items 21-22 and 24-26, Ordinance S-49382 was a request to authorize the City Controller to disburse funds, up to amounts indicated, for the purpose of paying vendors, contractors, claimants and others, and providing additional payment authority under certain existing city contracts. This section also requested continuing payment authority, up to amounts indicated below, for the following contracts, contract extensions and/or bids awarded. As indicated below, some items below require payment pursuant to Phoenix City Code section 42-13.

Ms. Racelle Escolar stated that Item No. 8 is Z-SP-9-22-7, a request to rezone 5.43-acres located at the southwest corner of 35th Avenue and Broadway Road from C-2 (Intermediate Commercial District), to C-2 with a Special Permit to allow a self-service storage warehouse and underlying C-2 uses.

The Laveen Village Planning Committee recommended approval, per the staff recommendation with additional stipulations by a 9 to 0 vote. The additional stipulations prohibit monument or ground mounted signs and illuminated signs on Building B.

Staff recommends approval, per the Laveen Village Planning Committee recommendation.

Chairman Howard called on the applicant to speak first.

Mr. Nache Nielson stated he represents Stack Storage. They went through the process with the Laveen Citizens for Responsible Development (LCRD) a couple of times and took their comments, which was a very helpful process. They also held a few neighborhood meetings with neighbors and had success there. They incorporated everything into their design and recently had their meeting with the Village Planning Committee. Everything went well, and he was happy to answer questions.

Chairman Howard stated that there was one speaker in support and three speakers in opposition. He gave each speaker three minutes, and the option for more time, if needed.

Ms. Escolar verified if the speaker wanted to speak on Item No. 11 rather than Item No. 8.

Chairman Howard apologized to Mr. Nielson for not having him on the consent agenda to be heard earlier. He invited any questions or discussion from the Commission, and if none, he invited a motion.

Commissioner Perez stated that she is opposed to storage facilities that go behind residential areas. Stipulation No. 4 states that there be, “(a) minimum 6-foot-tall wrought-iron fence, solid wall, or combination thereof, shall be provided along the western property line between the existing alley and Building B, as depicted in the site plan date stamped November 29, 2022, as approved by the Planning and Development Department.”

She asked if it is a wrought iron fence, would there still be a view, or would it be more solid with something that would buffer between the neighborhood and the alleyway.

Mr. Nielson stated that it would be a taller wrought iron fence. In their conversations with the neighbors and the Committee, the concern was the distance between the alleyway and their building. Their original site plan had the building up next to that alleyway. They were concerned about crime. So, they put their stormwater retention up against that rot iron fence. The setback is significantly more than what is required in the zone. They have moved the building quite a bit away to satisfy those concerns.

Commissioner Perez asked if there was a wall on the southside of the property.

Mr. Neilson responded that the building to the southside will act as the wall on the southside.

Commissioner Perez is concerned about this area. She knows it has massive support. There was an office-involved shooting there just the other day. It happened while she was driving the property to look at it. The property was surrounded by police cars. She hopes it will be an improvement to the area. The fencing, safety, and the security for the neighbors is important. She knows that members of the Laveen community have supported this, and she talked to several members about this project. She thanked him for answering her questions.

Vice-Chairman Gaynor made a MOTION to approve Z-SP-9-22-7, per the Laveen Village Planning Committee recommendation.

Commissioner Gorraiz SECONDED.

Commissioner Perez stated that she had just gotten a text message from Mr. Dan Penton, a registered speaker who wanted to speak.

Mr. Dan Penton stated that with this site, their Village Planner had submitted this to him and the former Village Chair, early on, for outreach. They had a lengthy conversation on several occasions with the applicants and suggested that they meet with members of the community. They flew down from Utah and met with community members. They were told that this area of Laveen is very sensitive,

having a lot of industrial mixed with residential. It is kind of like a transition area, so they would need to get the community's buy-in and support for it, which they did. They took the LCRD's recommendations for the architecture and came and presented a great product. This has been a vacant lot forever, and it is a very difficult site to develop, because of the distance from the intersection to the driveway, and certain characteristics of the site. Eighty feet from the back of the residential lot to the outermost fence of the facility was a significant setback in the landscaping to ensure a nice buffer of transition from the community. This is a gateway into Laveen. Rather than being a blighted property, this is going to be a significant upgrade, which shows their willingness to invest into Laveen. He and the LCRD are happy to support this project and recommend approval for it.

There being no further discussion, Chairman Howard called for a vote and the MOTION Passed 8-0 (Mangum).

Stipulations:

1. The development shall be in general conformance with the site plan date stamped November 29, 2022, as modified by the following stipulations and approved by the Planning and Development Department.
2. The development shall be in general conformance with the elevations date stamped October 26, 2022, as modified by the following stipulations and approved by the Planning and Development Department.
3. A minimum 25-foot-wide landscape setback shall be provided along the western portion of the site and planted with minimum 2-inch caliper, evergreen trees, planted 20-feet on-center or in equivalent groupings, providing a solid minimum 30-foot vertical screen at maturity, as approved by the Planning and Development Department.
4. A minimum 6-foot-tall wrought-iron fence, solid wall or combination thereof, shall be provided along the western property line between the existing alley and Building B, as depicted in the site plan date stamped November 29, 2022, as approved by the Planning and Development Department.
5. All uncovered surface parking lot areas for employees and customers shall be landscaped with minimum 2-inch caliper large canopy, drought-tolerant shade trees. Landscaping shall be dispersed throughout the parking area and achieve 25% shade at maturity, as approved by Planning and Development Department.
6. Where pedestrian pathways cross drive aisles, the pathway shall be constructed of decorative pavers, stamped or colored concrete, or other pavement treatments that visually contrast with the adjacent parking and drive aisle surfaces, as approved by the Planning and Development Department.

7. A minimum of two bicycle parking spaces shall be provided through Inverted U and/or artistic racks located near building entrances and installed per the requirements of Section 1307.H. of the Phoenix Zoning Ordinance, as approved by the Planning and Development Department.
8. The landscape strips located between the detached sidewalk and back of curb along 35th Avenue and Broadway Road shall planted to the following standards, as approved by the Planning and Development Department.
 - a. Minimum 2-inch caliper single-trunk, large canopy, drought-tolerant shade trees planted minimum 20 feet on center or in equivalent groupings, providing a minimum of 75% shade at maturity.
 - b. Minimum 5-gallon shrubs providing 75% live cover at maturity.

Where utility conflicts exist, the developer shall work with the Planning and Development Department on alternative design solutions consistent with a pedestrian environment.

9. The developer shall replace the existing rolled curb with vertical curb along Tamarisk Avenue, as approved by the Planning and Development Department.
10. The developer shall dedicate 10 feet for the east side of the alley, as approved by the Planning and Development Department.
11. The developer shall construct all streets within and adjacent to the development with paving, curb, gutter, sidewalk, curb ramps, streetlights, median islands, landscaping and other incidentals, as per plans approved by the Planning and Development Department. All improvements shall comply with all ADA accessibility standards.
12. If determined necessary by the Phoenix Archeology Office, the applicant shall conduct Phase I data testing and submit an archaeological survey report of the development area for review and approval by the City Archeologist prior to clearing and grubbing, landscape salvage, and/or grading approval.
13. If Phase I data testing is required, and if, upon review of the results from Phase I data testing, the City Archeologist, in consultation with a qualified archeologist, determines such data recovery excavations are necessary, the applicant shall conduct Phase II archeological data recovery excavations.
14. In the event archeological materials are encountered during construction, the developer shall immediately cease all ground-disturbing activities within a 33-foot radius of the discovery, notify the City Archeologist, and allow time for the Archeology Office to properly assess the materials.

15. Prior to preliminary site plan approval, the landowner shall execute a Proposition 207 waiver of claims form. The waiver shall be recorded with the Maricopa County Recorder's Office and delivered to the City to be included in the rezoning application file for record.
16. NO MONUMENT OR GROUND SIGNS SHALL BE PERMITTED ON THE SITE.
17. NO ILLUMINATED SIGNS ARE ALLOWED ON BUILDING B, AS DEPICTED ON THE SITE PLAN DATE STAMPED NOVEMBER 29, 2022.

The agenda items heard in the following order: Nos. 1, 2, 3, 9, 10, 4, 5, 6, 7, 8, 11, 12 and 13.

1. Call to order, introductions, and announcements by Chair.

Chair Tonya Glass called the Laveen Village Planning Committee meeting to order at 7:05 p.m. with a quorum of nine members present (eight members required for a quorum).

2. Review and approval of the November 14, 2022 meeting minutes.

MOTION

Committee member Rebecca Perrera made a motion to approve the November 14, 2022 minutes. The motion was seconded by Committee member Francisco Barraza.

VOTE

9-0, motion to approve the November 14, 2022 minutes passes with Committee members, Barraza, Chiarelli, Hurd, Jensen, Ortega, Perrera, Sinters, Abegg and Glass in favor.

3. Public comments concerning items not on the agenda.

Dan Penton discussed the 2023 list of priorities and suggestions shared on those, including the Loop 202 freeway and Dobbins Scenic Road. Mr. Penton stated that protecting pedestrian corridors is important to promote connectivity between South Mountain and Rio Salado. Mr. Penton thanked Chair Glass for her service.

Phil Hertel thanked Chair Glass for her service and work. Mr. Hertel wishes that committee meetings were held in person and feels this is a punishment, as virtual meetings are not as rewarding.

Committee member Jennifer Rouse joined the meeting during this item, bringing the quorum to 10 members.

4. **Z-SP-9-22-7:** Presentation, discussion, and possible recommendation regarding a request to rezone 5.43 acres located at the southwest corner of 35th Avenue and Broadway Road from C-2 (Intermediate Commercial) to C-2 SP (Intermediate Commercial, Special Permit) to allow a self-service storage warehouse and underlying C-2 uses.

3 members of the public registered to speak on this item.

STAFF PRESENTATION:

Enrique Bojórquez, staff, provided an overview of the rezoning proposal, describing the location of the requests, the existing and proposed zoning districts and land use designations and the proposed use. Mr. Bojórquez reviewed the surrounding zoning districts and land uses and described the proposed site plan plus building elevations. Mr. Bojórquez listed several policy plans and described how these are furthered by this proposal. Mr. Bojórquez stated that no community input had been received and provided staff findings, followed by the staff recommendation of approval subject to stipulations as presented.

APPLICANT PRESENTATION:

Nathan Frame, representing the applicant with Stack Storage, introduced himself and the proposed self-service storage project. Mr. Frame discussed the location of the site and discussed current uses on the site and surrounding area. Mr. Frame described the proposed site layout and proposed building elevations. Mr. Frame described their public outreach and stated that the Laveen Citizens for Responsible Development (LCRD) support this project. Mr. Frame requested a recommendation of approval.

Nache Nielson, representing the applicant with Stack Storage, introduced himself and thanked the committee for their time.

QUESTIONS FROM COMMITTEE:

Carlos Ortega asked why another self-service storage use is needed at this location given that a self-service storage facility exists across the street, and another is under development in the area. **Mr. Nielson** responded that there is a lack of storage in the area and the site's access constraints make development on the site very challenging. Mr. Nielson added that this type of development does not generate much traffic and the increase in housing warrant more storage. Mr. Nielson has other active storage projects in growing cities across the Valley.

Stephanie Hurd shares the concerns from committee member Ortega and in general has concerns with certain type of development that includes self-service storage,

multifamily, car washes, and other uses. Ms. Hurd is concerned over the loss of commercially zoned land.

Chair Glass spoke with the applicant and Isaac Serna who was in favor of the use. Ms. Glass stated that this applicant did do their due diligence.

PUBLIC COMMENTS:

Dan Penton introduced himself and stated that he had spoken with this applicant ahead of the meeting. Mr. Penton feels that they went above and beyond with their outreach and have provided enhanced architecture. Mr. Penton agrees that there are lots of self-storage uses but feels that this site is a good fit as it for this type of use and will enhance the corner and area. Mr. Penton discussed several self-storage project locations and expressed his support as access is a problem on the site. Mr. Penton added that this developer proposes large building setbacks along the western portion of the site next to single-family residential.

Phil Hertel introduced himself and stated that he had also spoke with the applicant about their project. Mr. Hertel stated that this is a good use for this corner as it does not seem like a bad land use. Mr. Hertel does not see the sign and landscape plans that he had discussed with this applicant.

Jon Kimono stated that this project is on a gateway to the Laveen Village and is surrounded by industrial and other impactful uses. Mr. Kimono added that self-service storage uses require few city services and sees the importance of keeping a buffer and low buildings along the western property line. Mr. Kimono stated that this applicant broke up the large building using design elements, thus improving the overall design. Mr. Kimono suggested that the applicant work with the community on an art project at this corner.

APPLICANT RESPONSE:

None.

FLOOR/PUBLIC DISCUSSION CLOSED: COMMITTEE DISCUSSION:

Chair Glass asked the applicant to present their sign and landscape plans to the committee. **Mr. Nielson** responded that sign and landscape plans were not included in the project materials submitted to the city, but the stipulations proposed by staff will address these. **Mr. Frame** added that additional time is needed to complete those plans.

Mr. Ortega would like a stipulation added to require the review and comment from the Laveen Village Planning Committee on the sign and landscape plans.

Vice Chair Abegg stated that developers usually conduct a market demand study before proposing a use in an area but echoes the concerns over the loss of commercially zoned land. Ms. Abegg added that this area may not be the most attractive to notable commercial uses. Ms. Abegg stated that building elevations are broken up and sees roof changes plus other nice elements. Ms. Abegg would support a stipulation requiring the review and comment of signs and landscape plans by the Laveen Village Planning Committee. **Mr. Nielson** responded that sign permits are usually applied for after building permit. Mr. Nielson added that future landscape plans would comply with the proposed stipulations and wish for signs to meet existing Zoning Ordinance requirements.

Vice Chair Abegg feels comfortable with adding two stipulations requiring that no monument signs be developed on the site and that no illuminated signs be oriented towards residential uses. **Mr. Ortega** is concerned that comments from the committee will not be incorporated into those plans.

Vice Chair Abegg asked for clarification on the two potential additional stipulations. **Mr. Bojórquez** discussed various options to word the stipulations.

MOTION:

Vice Chair Abegg motioned to approve Z-SP-9-22-7 per the staff recommendation with two additional stipulations. **Chair Glass** seconded the motion.

Additional Stipulations for Z-SP-9-22-7:

16. *No monument or ground signs shall be permitted on the site.*
17. *No illuminated signs are allowed on Building B, as depicted on the site plan date stamped November 29, 2022.*

VOTE:

10-0; motion to recommend approval of Z-SP-9-22-7 per the staff recommendation with two additional stipulations passes with Committee Members Barraza, Chiarelli, Hurd, Jensen, Ortega, Perrera, Rouse, Sinters, Abegg and Glass in favor.

5. **PHO-5-22-Z-122-03-7:** Presentation, discussion, and possible recommendation regarding a request to modify stipulations of entitlement for the property located at the northwest corner of 51st Avenue and Southern Avenue. Request to modify stipulation numbers 1 and 13 regarding general conformance to the site plan and elevations; request to delete stipulation numbers 6, 15, 18, and 23 regarding enhanced landscaping, gasoline canopy design, street abandonment, and general conformance to signage designs.
