RELATIONSHIP TO GENERAL PLAN CORE VALUES AND PRINCIPLES

CELEBRATE OUR DIVERSE COMMUNITIES AND NEIGHBORHOODS

- **CERTAINTY AND CHARACTER; LAND USE PRINCIPLE:** New development and expansion or redevelopment of existing development in or near residential areas should be compatible with existing uses and consistent with adopted plans.

This request will support light industrial development that will be compatible with the surrounding land uses to the east, south, and west.

STRENGTHEN OUR LOCAL ECONOMY

- **EMPLOYERS; LAND USE PRINCIPLE:** Support General Plan Land Use Map and zoning changes that will facilitate the location of employment generating uses in each of the designated employment centers.

This General Plan Amendment request, with the companion rezoning request, Z-128-24-7, will support a variety of employment uses within the Estrella Village. The development will provide a place for businesses to operate and grow within the Southwest Phoenix Employment Center.

CONNECT PEOPLE AND PLACES

- **OPPORTUNITY SITES; LAND USE PRINCIPLE:** Support reasonable levels of increased intensity, respectful of local conditions and surrounding neighborhoods.

The proposal provides a reasonable level of intensity that is respectful to local conditions. The companion rezoning case, Z-128-24-7, includes stipulations such as a maximum height of 40 feet and enhanced landscaping standards to ensure the proposal will be compatible with the surrounding uses.

CONCLUSION AND RECOMMENDATION

Staff recommends approval of GPA-EST-3-24-7. The request aligns with the goals and policies of the General Plan and will result in land use designations that will maximize the property's ability to support businesses and generate employment opportunities. Along with the companion rezoning case, Z-128-24-8, the General Plan Amendment will be compatible with the surrounding land uses.
