## MEMORANDUM

GAMMAGE &amp; BURNHAM, P.L.C.

October 3, 2018

TO: Adam Stranieri

FROM: Susan E. Demmitt 

RE: Andora – Z-8-18-8 and GPA-SM-1-18-8  
Proposed Additional Stipulations and Revised Site Plan

Adam,

In response to our ongoing outreach with community residents and area stakeholders related to the Andora development proposal, we are submitting a revised site plan for the project along with a proposal for several additional stipulations. These additional, applicant requested, stipulations are intended to raise the bar with respect to the quality of the development and are designed to address neighborhood concerns and further ensure the character of the community promotes the goals and polices of the Rio Montana Area Plan and the South Mountain Village Character Plan.

Most significantly, the revised site plan relocates the entrance to the community further east along South Mountain Avenue, reduces the number of lots within the community, includes enhanced buffers, imposes one-story restrictions, and incorporates an increase in overall open space within the community. Several of the below noted stipulations directly address the character of the community and are intended to promote a rural/agrarian design theme.

We respectfully request that the City incorporate these additional applicant requested stipulations into the staff report addendum for the project.

**Stipulation 1 - REVISED**

The development shall be in general conformance with the site plan date-stamped October 3, 2018, as approved by the Planning and Development Department, with specific regard to the following:

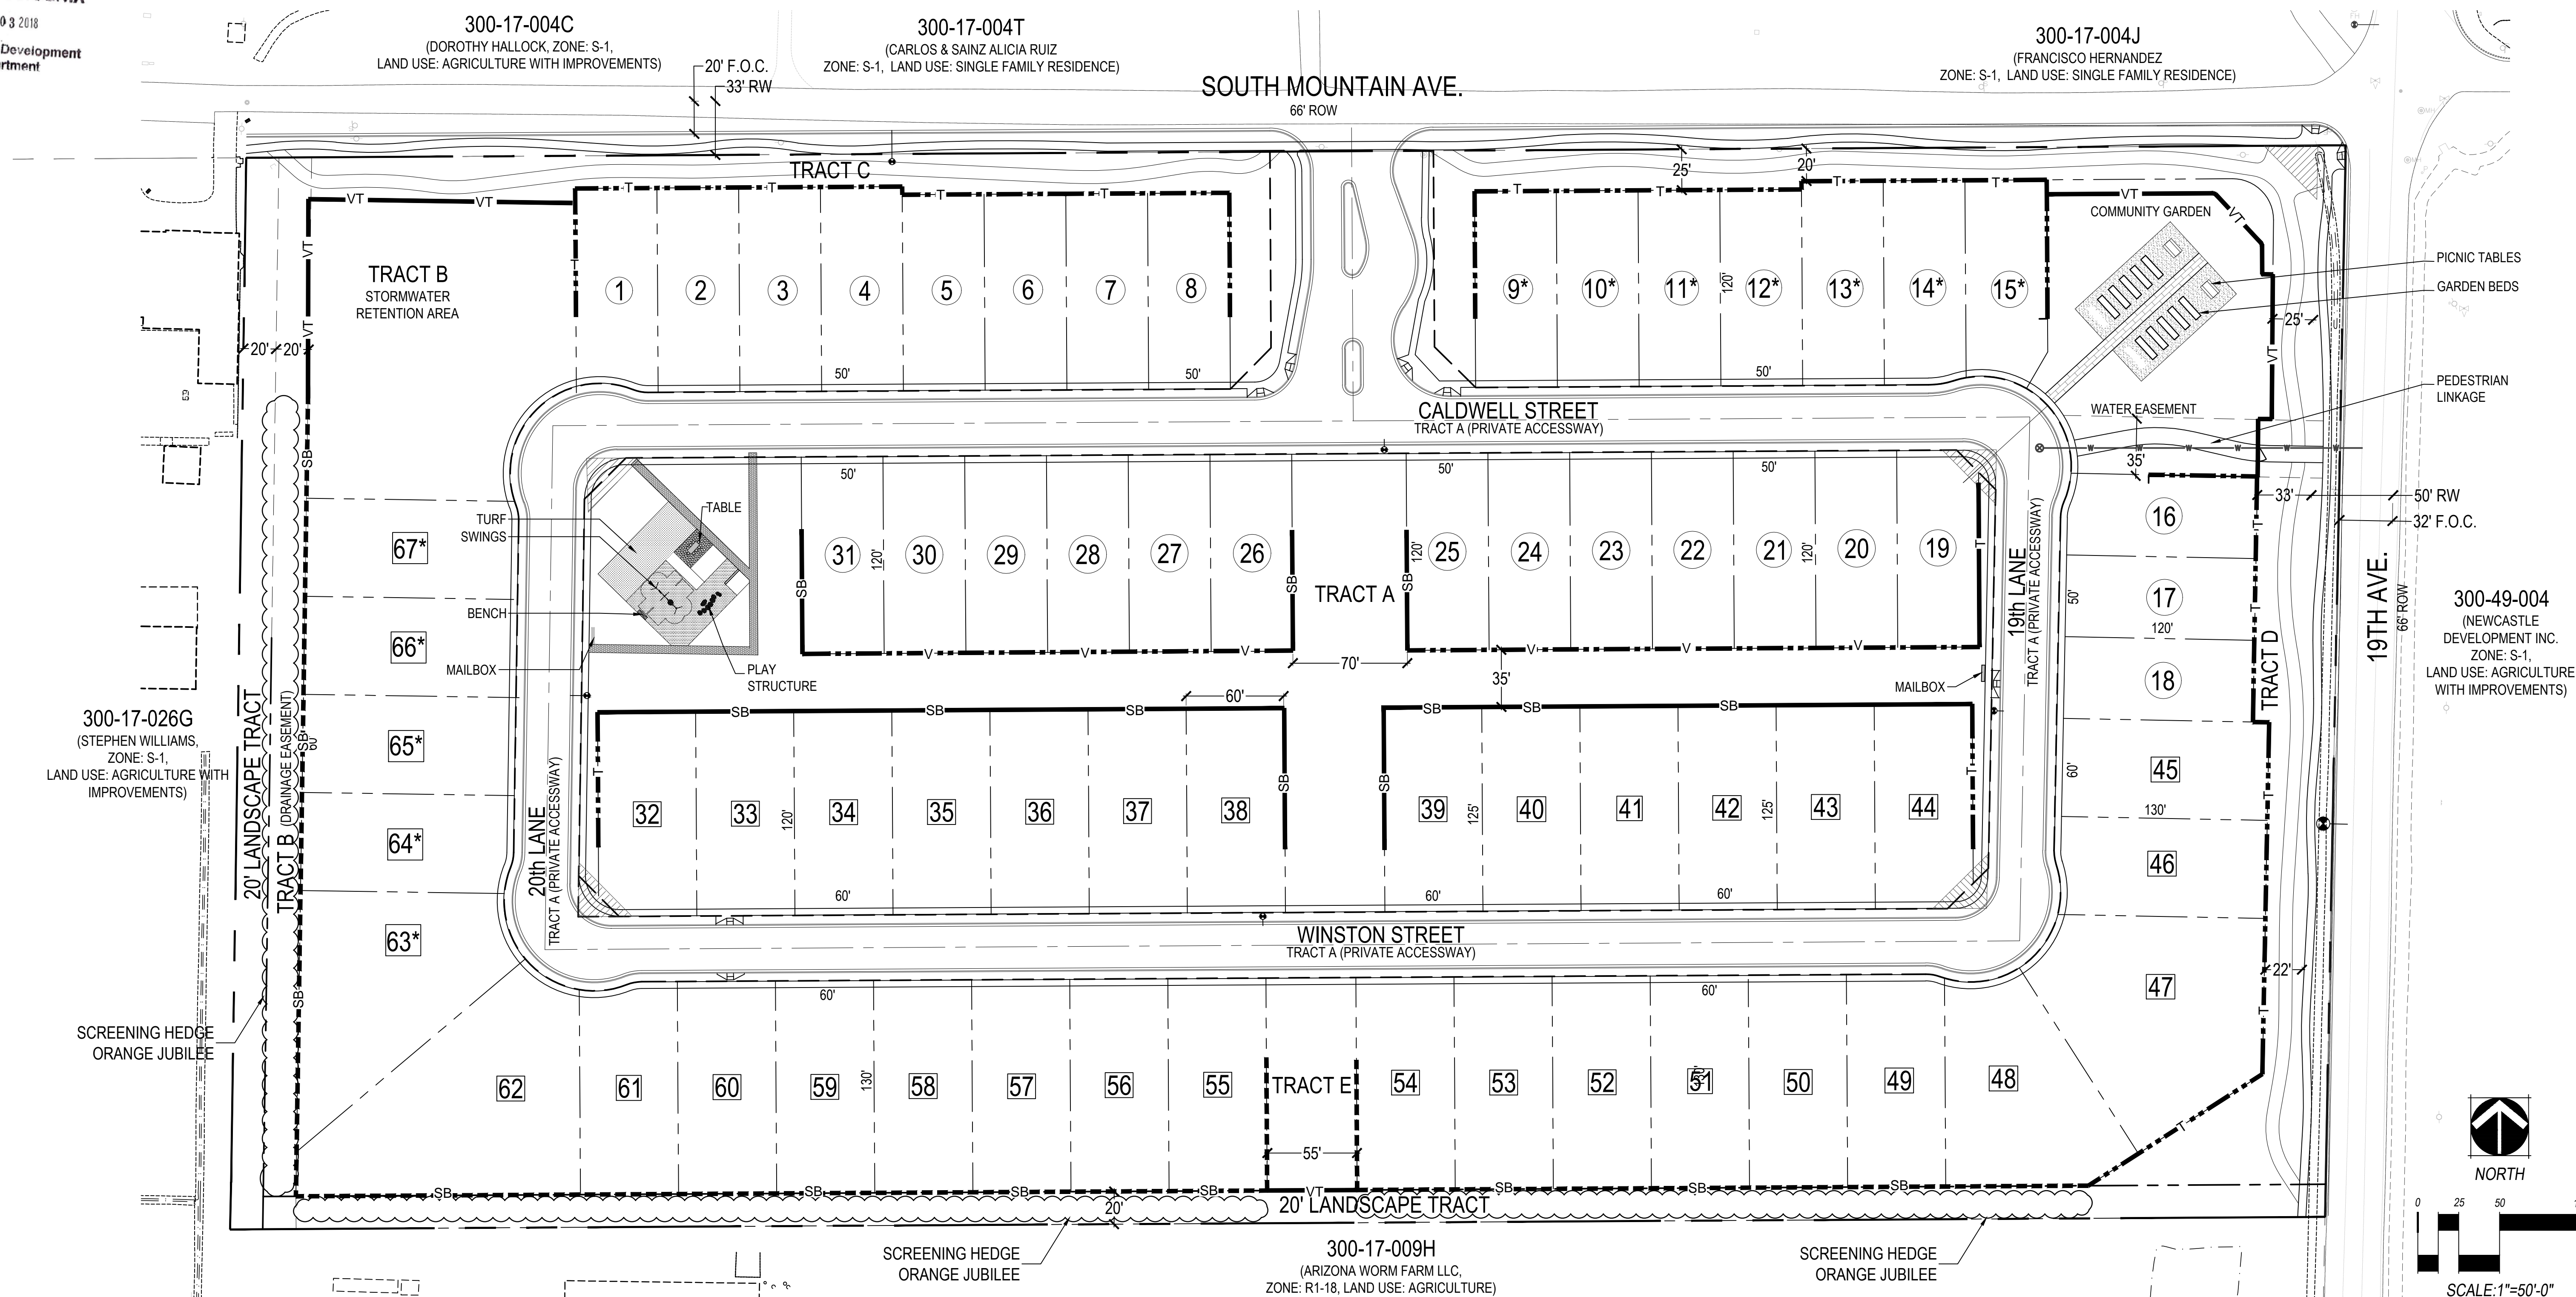

- a. A pedestrian pathway with a minimum width of 10 feet shall be provided within a minimum 35-foot landscape tract connecting to the sidewalk along 19th Avenue. The pathway shall be constructed of decomposed stabilized granite, decorative pavers, stamped or colored concrete, or similar alternative material. The landscaped tract shall contain minimum two inch caliper shade trees planted a minimum of 20 feet on center or equivalent groupings along both sides of the pedestrian pathway.
- b. The features and amenities provided in the open space areas.

### **Stipulation 7 - REVISED**

A minimum of 22% of the gross project area shall be retained as open space, as approved by the Planning and Development Department.

#### **Applicant Proposed Stipulations**

2. Lots 9 through 15 and lots 63 through 67 as shown on the site plan date-stamped October 3, 2018 shall be limited to one-story in height.
3. An 8-foot wide, private, decomposed granite surfaced trail shall be constructed along the south side of South Mountain Avenue and the west side of 19<sup>th</sup> Avenue as approved by the Planning and Development Department.
4. A 20-foot tract shall be provided and maintained along the south and west property lines as approved by the Planning and Development Department. Landscaping within the tract shall include Orange Jubilee (a large shrub intended to create a continuous screening hedge) planted at a minimum of 6-feet on center as approved by the Planning and Development Department.
5. Perimeter fencing adjacent to common area tracts along South Mountain Avenue and 19<sup>th</sup> Ave, along the public street periphery of the community garden (a portion of Tract D), and along the public street periphery of the northwest stormwater retention area (a portion of Tract B) shall be open-style view fencing with a rural design theme (i.e. split-rail or farm-style and wire mesh) and limited to a maximum height of 48-inches. Fencing shall be considered open-style if it is a minimum of 80% open excluding pillars or piers.
6. Landscaping along South Mountain Avenue and 19<sup>th</sup> Avenue shall include a double row of minimum 2-inch caliper Fan Tax Ash trees planted 25-feet on center, with one row planted along each side of the sidewalk.

**PROJECT DESCRIPTION**

THIS PROJECT PROPOSES THE DEVELOPMENT OF A DETACHED SINGLE FAMILY RESIDENTIAL SUBDIVISION ON TWO PARCELS IN SOUTHWEST PHOENIX AND LOCATED ON THE SOUTHWEST CORNER OF 19TH AVENUE AND SOUTH MOUNTAIN AVENUE. THE SUBJECT PARCELS ARE CURRENTLY USED FOR AGRICULTURAL PRODUCTION. CONSTRUCTION OF A RESIDENTIAL SUBDIVISION ON THESE PARCELS IS CONSISTENT WITH THE SURROUNDING PATTERN OF DEVELOPMENT THAT HAS CONVERTED AGRICULTURAL LAND TO SINGLE FAMILY RESIDENTIAL USE OVER TIME.

THE CONCEPTUAL DEVELOPMENT PLAN ENVISIONS A RESIDENTIAL PLAT THAT WOULD MIX TWO DIFFERENT LOT SIZES INCLUSIVE OF LOTS 60 FOOT WIDE WITH A MINIMUM 125 FOOT DEPTH, GENERALLY WITH IN THE SOUTHERN HALF, AND 50 FOOT WIDE WITH 120 FOOT OF DEPTH GENERALLY WITHIN THE NORTHERN HALF OF THE PLANNED RESIDENTIAL SUBDIVISION. THE SUBDIVISION WILL ALSO INCLUDE GATED ARRIVAL, DIRECTED AT MOUNTAIN VIEWS, AND A CENTRAL OPEN SPACE AND AMENITY.
