The Encanto Village Planning Committee heard the request on May 7, 2019. The Committee recommended approval of Z-9-19-4 per staff stipulations. During the meeting a resident expressed that the site was archeologically sensitive and that additional precautions needed to be taken as there is a possibility that a burial site existed at the subject property. The Archaeology Department has requested an additional stipulation requiring additional archival research prior to preliminary site plan approval. This is addressed in Stipulation No. 19

Additionally, the applicant has requested that Stipulation No. 9 be modified to allow flexibility regarding the streetscape along Indian School Road and that the streetscape transition appropriately into the pedestrian plaza at the intersection of Central Avenue and Indian School Road. Staff has no concerns regarding the proposed revisions and recommends approval per the revised stipulations below.
