

Attachment A

1 May 2018

Dear Ms. Mackay,

The Midtown Neighborhood Association is pleased to support the creation of a Community Facilities District at Park Central Mall to finance the construction of a multi-story car parking garage on Catalina Avenue.

As Park Central goes, so, too, does Midtown Phoenix. We are pleased that this parking garage will enable much of the peripheral surface parking lots of Park Central to be activated to urban-friendly uses.

We look forward to seeing Park Central become the Midtown hub that it deserves to be.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Edward Jensen", written in a cursive style.
