RE: 43rd Avenue Commons APN: 148-01-001N Village: North Mountain 11990 North 43rd Avenue Phoenix, AZ 85304

Written Request

TO: City of Phoenix Planning and Development Department Planning Hearing Officer

1.0 Introduction

The purpose of this request is to slightly modify the design stipulations on the property at 11990 North 43rd Avenue. (See Aerial.) This Lot is currently zoned C-0 and is approved for C-1. The modifications are to stipulations on zoning case Z-58-04-1.

2.0 Project Background

This lot is at 11990 North 43rd Avenue in Glendale, Arizona. This lot had an amendment to the zoning approved on October 14th, 2004, subject to stipulations of zoning case Z-58-04-1. The current owner wishes to construct two (2) new buildings. One of them will be located at the south area of the parcel and will contain ten (10) 1200 square foot condominiums. The second one will be located at the north area of the parcel and will contain four (4) 1200 square foot condominiums as well. Each condominium will also have an enclosed one (1) car garage and storage. The stipulations only allow a development to match the previous design from 2004, which limits the options for residential design. The Owner requested that stipulation #1 should be modified to allow Lot B to deviate from the old layout to one which is more efficient, more usable for multifamily, and better overall design. They also asked that stipulation #4 be removed to allow our parking configuration and landscaping to better match this better design. This submittal is requesting a slight adjustment in stipulation #1 and the removal of stipulation #4 for lot APN-148-01-001N only.

3.0 Request and Rationale

We are requesting the following changes to Zoning Stipulation #1 and #4 of Application No: Z-58-04-1 as indicated in capitalization/bold-text and strikethrough:

STIPULATION 1 - MODIFICATION:

That development shall be in general conformance with the site plan **AND ELEVATIONS** date stamped May 24, 2004, **APRIL 1, 2022** and elevations date stamped July 7,2004, as approved or modified by the Development Services Department.

The existing stipulations limit the layout of future developments to the footprint and elevations of the dated 2004 development plan. The Owner requested that the stipulations be modified to allow a better design, suited for multi-family residential units. This submittal is requesting a slight adjustment in stipulation #1 to let us present an alternative development plan. This development would add to the value of the area by giving growing families alternative options for living in the area, granting them access to local amenities and schools.

Please see accompanying drawings.

STIPULATION 4 - REMOVAL:

That mature trees a minimum of 2-inch caliper be placed in the three parking islands and the two corners of the parking lot on the south side of Parcel B in order to buffer the proposed commercial development from existing residential uses.

This stipulation is based upon the parking layout of the previous development plan and would contradict the more efficient layout of our proposed development. The Owner requested that this stipulation be removed to allow our new parking layout, since it is more complementary to the multi-family units, and it provides more shared landscaped amenity area, while still meeting parking requirements.

Please see accompanying drawings.

Mr. Gary Law, Director of Facilities, represented United Methodist Outreach Ministries (UMOM) New Day Center, 3320 East Van Buren, in opposition. The amount of drug traffic and prostitution on Van Buren had greatly decreased over the years thanks to the great efforts of the Police Department and the City to clean up Van Buren. As mentioned by Officer McGann, the Circle K previously at this site contributed to a lot of negative activity, and UMOM did not want that type of traffic to start again.

Based on the testimony from the Police Department and community representative, high crime problems that existed when Circle K was in operation, a high violent crime rate at the proposed business location, and the neighborhood association's concern that allowing a liquor license back at the location posed a substantial risk and would prove detrimental to building a safe environment in the neighborhood, <u>MOTION</u> was made by Mr. Johnson, <u>SECONDED</u> by Mr. Lingner, that Item 23 be recommended for disapproval.

Mr. Amery made a MOTION to approve the minutes of July 14, 2004.

Mr. Keuth SECONDED.

MOTION PASSED by a vote of 8-0 (Hart absent).

II. RATIFICATION OF ZONING HEARING OFFICER AGENDA OF JULY 6, 2004, JULY 19, 2004, and AUGUST 16, 2004.

JULY 6, 2004

Mr. Baughman noted that neither item from this hearing was eligible for ratification since both items were continued to future Zoning Hearing Officer hearings.

JULY 19, 2004

Mr. Baughman noted item 1 (Z-41-04-7) was on the evening agenda for hearing.

He noted that item 2, Z-57-04-7 was available for ratification with stipulation changes. One of the changes was stipulation one, "That development shall be in general conformance to the site plan date stamped July 15 has been modified by the following stipulations and the Development Services Department. That there be no disturbance outside the building envelope".

Chairman Frank noted there was a stipulation that there be no development on lots 30, 31, and 38 and now that stipulation was being modified. Mr. Baughman responded that was one where there was a change that became before the Commission before there was a discussion with the Development Services Department (DSD). Also, the site plan had changed so those were changes that took place at the ZHO. The other ones were changes that took place when meeting with DSD.

Ms. Gallegos noted that when there are changes such as this, she would rather hear about it in a hearing rather than in a ratification.

Mr. Baughman noted item 3 was not available for ratification because it was continued.

Mr. Keuth made a MOTION to ratify of items 4 (Z-60-04-1), 5 (SP 1-04-1, and 6 (SP 12-04-7)

Mr. Ford SECONDED.

MOTION PASSED by a vote of 8-0 (Hart absent).

Ms. Dodds noted that she met with DSD and the applicant and it was fine to go ahead and ratify item 2 (Z-57-04-7) exactly as the ZHO did.

Mr. Keuth made a MOTION to ratify item 2 with the revisions to stipulations one and five as approved by the ZHO.

Ms. Gallegos SECONDED.

MOTION PASSED by a vote of 8-0 (Hart absent).

AUGUST 16, 2004

Mr. Baughman noted item 1 was not available for ratification.

Item 2, Z-SP 2-04-6, was available for ratification but there was opposition present asking that this item be pulled from ratification because a Village Planning Committee (VPC) stipulation was removed regarding hours and the applicant was unable to attend the ZHO hearing.

Chairman Frank noted there was a request from the Councilman to remove this item and place it for hearing at the October 13, 2004 meeting.

Mr. Baughman noted Z-58-04-1 was available for ratification with changes to stipulations.

Stipulation 1, "That development shall be in general conformance with the site plan date stamped May 24, 2004 and elevations date stamped July 7, 2004 with the exception of the single-story as approved or modified by DSD."

Stipulation 8, changes "That lot one and two additional lots (7, 8, 9, and 10) shall be limited to one story for a total of three lots being limited to one story".

Mr. Baughman noted item 6 was not available for ratification. It was appealed to the Commission. Agenda item 10 had opposition available at the briefing.

Ms. Carroll stated that here concern with item 10 was that it was on 36th Street and there was a problem with day laborers being picked up creating a potential traffic problem. There were three proposals that the village recommended. She was not able to attend the ZHO.

Mr. Paul Barnes stated the Camelback VPC was concerned about the issues and the applicant agreed to the stipulations, but between the VPC and the ZHO hearing, the stipulations dropped out of sight. He asked that this case be continued so that a representative from the village could be involved, as well as the people Ms. Carroll represented.

Ms. Dodds noted that the ZHO did not always incorporate all the stipulations recommended by the village. She noted the options included pulling it from ratification for hearing, or ratify it and have opposition appeal it.

Mr. Keuth made a **MOTION** to ratify items 3 (Z-58-04-1), 4 (Z-65-04-1), 5 (Z-66-04-3), 7 (Z-71-04-1), 8 (Z-SP-13-04-1), and 9 (Z-78-04-7). Item 2 (Z-33-04-6) was pulled from the ratification agenda and scheduled for a 7 p.m. hearing on October 13, 2004.

Mr. Ford SECONDED.

MOTION PASSED by a vote of 9-0.

Later Mr. Stein moved to ratify item 10 (Z-SP-2-04-6) with the addition of a stipulation recommended by the Village Planning Committee.

Dr. Kelchner seconded.

MOTION PASSED by a vote of 9-0.

III. DISCUSSION AND POSSIBLE ACTION

A. Initiations

1. Initiation of PSCOD Rezoning at 810 East Greenway Parkway

Ms. Gallegos made a MOTION to initiate PSCOD Rezoning at 810 East Greenway Parkway.

Dr. Kelchner SECONDED.

MOTION PASSED by a vote of 9-0.

Zoning Hearing Officer Recommendation: Approval with staff and village stipulations as modified.

Staff Recommendation: Approval subject to stipulations

<u>Village Planning Committee (VPC) Recommendation:</u> On July 21, 2004, the North Mountain Village Planning Committee recommended approval with additional stipulations (vote 10-0).

ZHO HEARING HIGHLIGHTS:

<u>Staff</u> – Ms. Bernadine Alling read the case into the record including staff recommendations. She also noted that the residential component, as submitted, is not consistent with the General Plan. However, since the site is less than 10 acres, a General Plan Amendment is not required.

<u>Applicant</u> - Ms. Laura Coven of Taurus Renovations, LLC, 4532 East Beryl Lane, Phoenix, AZ 85028, expressed concern that the stipulations limiting development to single story was overly restrictive since the current zoning would allow higher structures than those proposed by the applicant.

Zoning Hearing Officer Summary of August 16, 2004 Planning Department Case #Z-58-04-1

She stated that single story homes would require a larger footprint which would make the project seem more crowded than if two story structures were allowed. A restriction of 28 feet in height would be agreeable to the applicant.

<u>Support</u> – Mr. Jim McCabe, 16001 North Moon Valley Drive expressed his belief that this project would increase the property values for all of the neighborhood and that 90% of current projects are two stories.

<u>Opposition</u> – Ms. Geneva Vinciguerra, 4431 West Shaw Butte, Glendale, AZ, Ms. Lorraine Parker, 4419 West Shaw Butte, Glendale, AZ 85304, and Ms. Elizabeth Landholm, 12021 North 44th Drive, Glendale, AZ.

The neighbors commented and supported that two story developments would eliminate views of the eastern sky. The Village Planning Committee's stipulated one story limitation. The neighbors also expressed support for the stipulation limiting access to and from the site which would increase safety for the neighborhood children and their pets.

<u>ZHO</u> – Mr. Doug Jorden noted that this is a relatively creative project given the limitations of the parcel and recommended approval with staff and village stipulations as modified.

FINDINGS:

- 1. Both the C-O and C-1 zoning are consistent with the commercial designation on the General Plan. Although the proposed residential development is not consistent with the General Plan, the site is smaller than 10 acres, which is the threshold requiring a General Plan amendment.
- 2. The northern portion of the site is difficult to develop given that the APS substation limits the visibility for the site.
- 3. The two proposed commercial parcels are consistent with existing C-1 zoning and land uses at the corner of Cactus Road and 43rd Avenue.
- 4. The proposed residential development provides a continuation of the existing zoning and land use of the residential neighborhood to the west of the property.
