Josh,

I wanted to follow up on our conversation from Monday regarding the status of the above reference case. As I mentioned to you, we would like a continuance from the current City Council agenda in order to update the South Mountain Village Planning Committee regarding the status of our case.

As proposed by the Councilwoman, this would be an information-only item where we could share updates about site plan changes, clarify the surrounding support as well as the ownership issues raised at the last Village meeting where the case was presented. We'd also seek the Village input as to any modifications which may make approval of the case more acceptable from the Village perspective. Please let me know your thoughts and what a potential schedule may look like as we would ideally visit with the Village in December.

Thanks for your continued assistance and I hope the sinus infection has resolved itself. Be well.
