Re: Statement of Support for the PUD Rezoning Request (Case No. Z-32-19)  
Located at 3233 E. Camelback Road, Phoenix

Dear Honorable Mayor and City Council:

As the duly authorized representative of Olympus Properties II, LLC, the purpose of this letter is to express our support for the Clarendale Arcadia rezoning application which proposes a rezoning of the approximately 6.36 gross acre site located at 3233 E. Camelback Road (APN 170-20-113A), from Commercial Office C-O District – Restricted Commercial (“C-O”)/Major Office (“M-O”) and Special Permit (“SP”) to Planned Unit Development (“PUD”) to allow for the development of a licensed assisted living and senior care facility. Olympus Properties owns the land, building and improvements at 4747 N. 32<sup>nd</sup> Street (known as the Helios Education Campus) on the immediate southern border of this proposed development.

Based upon our conversations with the development team regarding the benefits of the proposed project, we believe that the proposed project will enhance the nature of the site and the surrounding community and that the reinvestment in the site will serve to better the surrounding community.

We appreciate your leadership and careful consideration of this letter.

Sincerely,

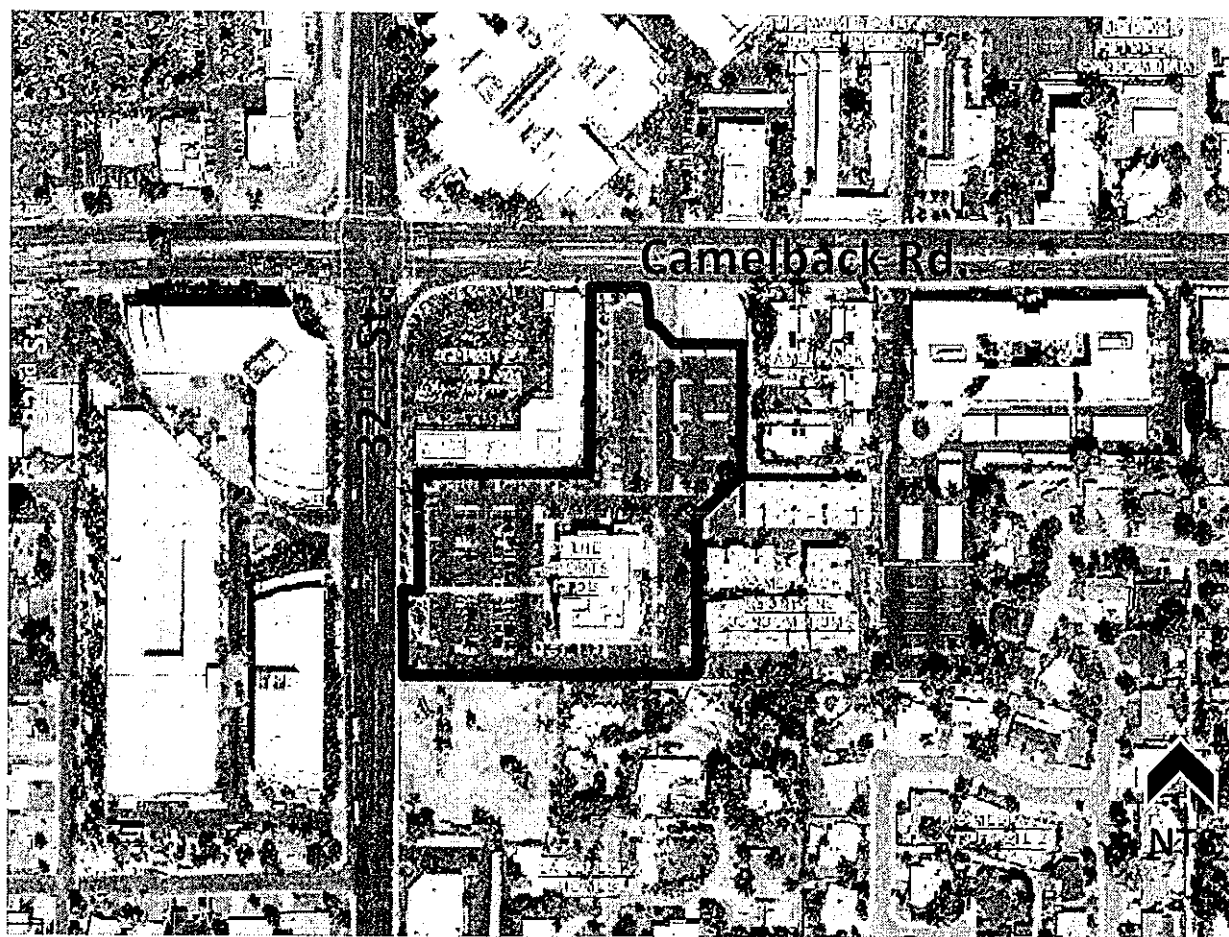

A handwritten signature in black ink, appearing to read "Barbara Ryan Thompson", is written over the word "Sincerely,".

Mr. Alan Stephenson

Dear Alan,

Lincoln Property Company owns the office complex, 3131/3133 Camelback, at the southwest corner of 32<sup>nd</sup> Street and Camelback, which we now understand will be in close proximity of the proposed new senior living facility being constructed by Ryan Companies.

We have seen preliminary development materials for the proposed Clarendale at Arcadia Senior Housing and we would support the Planned Unit Development (PUD) zoning subject to review of the final plans and design.

Respectfully Yours,

Mr. Alan Stephenson

Dear Alan,

Lincoln Property Company owns the office complex, Biltmore Commerce Center, at the northeast corner of 32<sup>nd</sup> Street and Camelback, which we now understand will be in close proximity of the proposed new senior living facility being constructed by Ryan Companies.

We have seen preliminary development materials for the proposed Clarendale at Arcadia Senior Housing and we would support the Planned Unit Development (PUD) zoning subject to review of the final plans and design.

Respectfully Yours,

A handwritten signature in black ink, appearing to read "D. Krumwiede".

Dear Mr. Stephenson,

Samuelson/Hornaday recently became aware of the proposed Clarendale senior living facility being proposed on the LA Fitness site adjacent to the southeast corner of 32<sup>nd</sup> Street and Camelback Road.

We fully support this redevelopment. Having a luxury-level living environment for seniors that includes independent, assisted and memory care units will be a great benefit to our area. As the owner of the Biltmore Plaza Shopping Center at the northwest corner of 32<sup>nd</sup> Street and Camelback, we look forward to having these residents using the retail shops and restaurants in our complex. We will be within easy walking distance.

We understand this project will require a Planned Unit Development (PUD) zoning to build this luxury facility and we fully support that zoning.

Very truly yours,

May 17, 2019

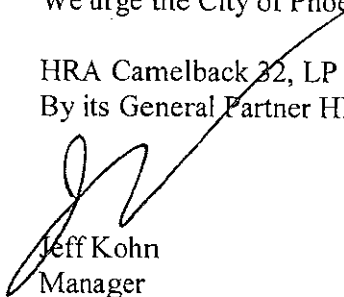

Dear Alan Stephenson,

Craig Coppola with the Lako ownership group that owns the property surrounding the southeast corner of Camelback and 32<sup>nd</sup> Street explained to us the details of the proposed new Clarendale of Arcadia Senior Living Facility being proposed on that property. We understand it will be a luxury-level facility with independent, assisted and memory care units with a full array of amenities for the senior residents. Given the demographics in this Biltmore to Arcadia area, this type of senior living and care environment is an extremely needed facility. As current residents in this area mature, they will be able to stay in the area they know and simply transition into the luxury living environment of this project.

We are aware that the underlying zoning on this property allows for major office use that would generate significant new traffic to this interaction. Vehicular traffic associated with senior living is extremely low, because the daily trips of the residents are met on the site with their own internal restaurants, fitness amenities and sundries being provide. As the owner of the 3225 East Camelback Road adjacent to this proposed senior living facility, we want to register our full support for this use. Its low traffic volumes will be significantly better for our area than development under its existing major office zoning.

We urge the City of Phoenix to approve this use.
