REPORT OF PLANNING COMMISSION ACTION April 4, 2024

ITEM NO: 6	
	DISTRICT NO.: 8
SUBJECT:	
Application #:	Z-53-22-8 (Companion Case GPA-LV-3-22-8) (Gila Foothills PUD) (Continued from March 7, 2024)
Location:	Approximately 860 feet south of the southwest corner of 51st Avenue and Carver Road
From:	S-1, S-1 (Approved C-2 PCD), S-1 (Approved R-2 PCD), S-1 (Approved R-3 PCD), S-1 (Approved R-3A PCD), S-1 (Approved R1-10 PCD), S-1 (Approved R1-18 PCD), S-1 (Approved R1-8 PCD), and S-1 (Approved RH/ R1-10 PCD)
To:	PUD
Acreage:	288.63
Proposal:	PUD (Planned Unit Development) to allow single and multifamily residential, commercial uses, and some commerce park
Applicant:	RVi Planning and Landscape Architecture
Owner:	Lines Ruskin R. JR., et al.
Representative:	Wendy Riddell, Berry Riddell, LLC

ACTIONS:

Staff Recommendation: Approval, subject to stipulations.

Village Planning Committee (VPC) Recommendation:

Laveen 11/14/2022 Information only.

Laveen 2/12/2024 Continued. Vote: 8-0.

Laveen 3/18/2024 Approval, per the staff memo with modifications and additional stipulations. Vote: 8-0.

Planning Commission Recommendation: Approval, per the staff memo dated April 4, 2024 with a modification and deleted stipulation.

Motion Discussion:

During the applicant's presentation, the applicant requested that the Commission recommend approval for 1,700 units, with the extra 500 units to be granted upon completion of the hospital, bringing the total number of units to 2,200 as opposed to the Village recommendation of 1,700 units total. Commissioners discussed the proposed location of the multifamily within the subject area. It was confirmed that there will be no multifamily proposed next to the nearby single-family residential neighborhoods (south of Estrella Drive) and will instead be located more centrally to the project and closer to the 202 freeway.

Commissioner Boyd made a MOTION to approve Z-53-22-8, per the staff memo dated April 4, 2024, with the modifications that in stipulation JJ we restore 1,700 maximum units, and strike 1,200, and restore any multifamily development in units 2, and 5, and 10, and striking stipulation KK.

Commissioner Matthews SECONDED.

Ms. Escolar explained that the reason for the strike out on Development Unit 10 is related to review of that area in relation to building height. Multifamily in Development Unit 10 is already subject to a PHO review, so it is not necessary to mention it here for buildings over 40 feet. That was more of a technical correction in response to the Village recommendation.

Commissioner Boyd stated that he was willing to modify his motion if his second was willing to modify dropping the “and 10”.

Commissioner Matthews agreed.

Ms. Escolar clarified the motion. She stated, the MOTION is to approve, per the staff memo with modification to stipulations JJ and KK to restore the 1,700 units and strike out the 1,200 units. She asked Commissioner Boyd if that was correct.

Commissioner Boyd agreed that was correct, and striking Stipulation KK entirely, because it was a change made with stipulation JJ, when they amended down to the 1,200.

Ms. Escolar confirmed with Commissioner Boyd that his proposal was to completely strike out stipulation KK.

Chairman Gaynor called for a moment of order. They had a MOTION and a SECOND.

Vice-Chairperson Busching and Commissioner Perez disagreed to the modifications and preferred keeping the Village modifications to the number of units.

Motion details: Commissioner Boyd made a MOTION to approve Z-53-22-8, per the staff memo dated April 4, 2024 with the modification to Stipulation No. 1.JJ to restore 1,700 units and strike 1,200, and the deletion of Stipulation No. 1.KK.

Maker: Boyd
Second: Matthews
Vote: 6-2 (Busching, Perez)
Absent: Mangum
Opposition Present: Yes

Findings:

1. The proposal is compatible with the existing land use pattern, contains landscape and height buffers adjacent to existing single-family residential houses in the area and is consistent with the proposed General Plan Land Use Map designations.
2. The proposal contains enhanced standards that will result in a more walkable, shaded and pedestrian-friendly environment. The proposal will provide increased shade which will help to reduce the urban heat island effect.
3. The proposal will provide additional employment options, commercial services, and housing opportunities within the Loop 202 Freeway corridor and the Laveen village.

Stipulations:

1. An updated Development Narrative for the Gila Foothills PUD reflecting the changes approved through this request shall be submitted to the Planning Department within 30 days of City Council approval of this request. The updated Development Narrative shall
