Re: Eight-Hour Rule Request for Examination of Street Repair Options

Dear Ed:

We respectfully request that an item be placed on the August 29 Formal Meeting Agenda to direct staff to examine what options – using Transportation 2050 revenues – are available to the City to expedite the service schedule for much-needed street and road resurfacing and repairs for arterials and collectors throughout the city.

If we the Council approves the item, we expect that staff should be able to complete an evaluation and share findings with the public at the September 19 Formal Meeting.

Sincerely,

Thelda Williams
Mayor
