Public Works Director

Subject: ADD-ON AGENDA ITEM REQUEST FOR July 1, 2020, CITY COUNCIL
FORMAL MEETING AGENDA

This memo requests approval to place an item titled COVID-19 Laboratory Testing for Summer Months as an add-on agenda item to the July 1, 2020, City Council Formal Meeting Agenda. This item requests authorization to ratify contracts executed by the City Manager, or his designee, during the summer months of 2020 for additional COVID-19 citywide testing events open to the public and requests additional funds of \$70,000 be added to existing contracts with Equality Health Foundation, Sonora Quest Laboratories, LLC, and Equality Care Center to allow for additional testing events. This will allow the City to assist the public by expanding the City's existing partnerships and entering into new partnerships to schedule additional COVID-19 testing events.

Approved: 
Karen Peters, Deputy City Manager
