**RE: Planning Hearing Officer Application  
Request for Stipulation Modification of Zoning Cases # Z-97-96-1 (Northeast corner of Deer Valley Road & 30<sup>th</sup> Avenue)**

To Planning Hearing Officer:

Tiffany & Bosco, P.A. represents the Property owner, AZ West Deer Valley, LP (the "Applicant") and the developer, Hopewell Development, who will develop the subject parcels for this Planning Hearing Officer Application. The subject parcels are approximately 6.2 gross acres located at the northeast corner of W. Deer Valley Road and N. 30<sup>th</sup> Avenue as shown on **Exhibits 1 and 2** (the "Property"). The Property consists of Maricopa County Assessor Parcel Numbers 206-04-031C and 206-04-004K, which are currently zoned Commerce Park/General Commerce Park (CP/GCP) as shown on **Exhibit 3** and have a General Plan land use designation of Industrial as shown on **Exhibit 4**.

**BACKGROUND/PROPERTY APPROVALS**

The Applicant recently purchased the Property in December 2021. Prior to the Applicant's purchase, the Property contained portions of the Motorcycle Mechanics Institute and were used for general motorcycle repair and motorcycle education.

The Property was zoned Commercial Park/General Commercial Park ("CP/GCP") on November 1, 1996 by zoning case, Z-97-96-1, which included a proposed site plan as shown on **Exhibit 5**. As shown on the 97-96-1 Site Plan, APN 206-04-004K was originally intended to have a proposed 20,000 SF building. This also included 54 parking spaces (where 67 were required). However, this building was never developed on the site. Other remaining buildings on the campus were developed.

The original 1996 case for Z-97-96-1 contained five stipulations as shown on **Exhibit 6**. The majority of the stipulations were specific to the former user and the Applicant does not intend to modify those stipulations. However, two stipulations are specific to any future development of the Property and the Applicant intends to modify the language to facilitate the Property to be put towards its most beneficial use and to develop APN 206-04-004K as was originally intended.

Additionally, a subsequent PHO case was approved on July 12, 2002 for zoning case Z-97-96-1 with the main purpose of modifying stipulation #1 of Z-97-96-1 to allow for the development of a new site plan on the Property. **Exhibit 7** demonstrates the approved Site Plan for the July 12,

2002 PHO case. As shown on that Site Plan the modification allowed for a slight reconfiguration of the building on the western portion of the Property and the reconfiguration of access and driveways. **Exhibit 8** shows the stipulations that were approved with the 2002 PHO case (*Note that only stipulation modified was only #1 to reflect the approval of the new site plan on the Property.*)

### **PROPOSED HOPEWELL DEVELOPMENT**

Hopewell Development intends to develop the Property as shown on **Exhibits 9 through 11**, and this request is submitted to the City of Phoenix (the "City") to modify the stipulations of the approvals included in both the 1996 and 2002 zoning/PHO cases for Z-97-96-1. Specifically, the request is to modify stipulations pertaining to the approved site plan and notice adherence, respectively. This will allow for the development of the current, vacant portion of the Property to allow for an approximately 44,000 SF industrial building allowed under the CP/GCP zoning designation. As shown on the Site Plan, the required parking for the building is 44 spaces and the Site Plan propose 60 spaces, so there will be ample parking on the site.

Hopewell has more than 23 years of experience in the real estate sector in North America. This also includes planning for and developing many projects within the Phoenix Valley. Commitment to teamwork and innovation has led Hopewell to become one of North America's leading industrial developers. Hopewell manages every aspect of the development phase in a collaborative approach with its clients and is a fully integrated company that ensures that all aspects of the development are aligned, including planning, engineering, entitlement approvals, construction management, along with the successful leasing of the project.

Hopewell has a proven track record and unparalleled experience in all aspects of commercial and industrial real estate development with an in-house team of industry professionals. Hopewell is aware of the City's goals for the surrounding area of the Property and the City's desire to promote uses that will bring development and economic vitality to the City. This Application provides a high quality industrial development to support the economic activity in the City and the surrounding area.

### **STIPULATIONS TEXT & REVISIONS**

#### **Z-97-96-1 Zoning Case (Approved November 1, 1996)**

Of the five (5) stipulations from the approved November 1, 1996 Z-97-96-1 case, the Applicant is proposing to modify Stipulation #1 and Stipulation #5. The full-set of stipulations from the November 1, 1996 Z-97-96-1 case and the proposed modifications are shown below:

1. *That the site be developed in accordance with the site plan dated ~~June 20, 1996~~ **June XX, 2022**.*

**Rationale:** The approved conceptual site plan from 1996 depicts a 20,000 square foot building on the Property. The proposed building was never developed. Accordingly, the Applicant intends to develop a building that will be in conformance with the approved CP/GCP zoning designation, but will be a different size and scale from the proposed building depicted on the approved

conceptual site plan from 1996. Modification of this stipulation will allow the Property to be developed in general conformance with modern industrial developments and will repurpose the Property to a productive industrial building. The parking required for the proposed building is 44 spaces, but the developer is providing 60 spaces.

2. *That access to Louise Drive be limited to emergency vehicles.*
3. *That parking requirements for future development on this site be based on office and warehouse uses rather than a school use.*
4. *That no motorcycles shall be permitted to be tested outside any building.*
5. *That the applicant shall notify Mr. Bob Buse, 3014 West Deer Valley Drive, Phoenix, of site plan review by the Development Services Department.*

**Rationale:** According to the Maricopa County Assessor's records, Mr. Bob Buse no longer resides at 3014 West Deer Valley Drive, Phoenix. Accordingly, general compliance with the stipulation is impossible. Therefore, because general compliance with the stipulation is impossible, the stipulation should be removed in its entirety.

**Z-97-96-1 Zoning /PHO Case (Approved July 12, 2002)**

Of the five (5) stipulations from the approved July 12, 2002 Z-97-96-1 case, the Applicant is proposing to modify Stipulations #1, #3, and #5. The full-set of stipulations from the November 1, 2002 Z-97-96-1 case and the proposed modifications *are shown below:*

1. *That the site be developed in accordance with the site plan dated June XX, 2022. April 26, 2002, as further modified to eliminate cross-access on the north side of the property, and to eliminate the two driveways on Louise Drive, and eliminate the access on 30th Avenue.*

**Rationale:** The approved conceptual site plan from 2002 depicts a slight reconfiguration of the building on the western portion of the Property and the reconfiguration of access and driveways from what was approved in 1996. Accordingly, the Applicant intends to develop a new building on the vacant portion and reconfigures the overall cross-access for the Property. Modification of this stipulation will allow the Property to be developed in general conformance with modern industrial developments and will repurpose the Property to a productive industrial building. The parking required for the proposed building is 44 spaces, but the developer is providing 60 spaces.

2. *That access to Louise Drive shall be limited to emergency vehicles.*

**Rationale:** This proposal would match language between approval letters.

3. *That parking requirements for future development on this site be based on office and warehouse uses rather than a school use.*
4. *That no motorcycles shall be permitted to be tested outside any building.*
5. *That the applicant shall notify Mr. Bob Buse, 3014 West Deer Valley Drive, Phoenix, of site plan review by the Development Services Department.*

**Rationale:** According to the Maricopa County Assessor's records, Mr. Bob Buse no longer resides at 3014 West Deer Valley Drive, Phoenix. Accordingly, general compliance with the stipulation is impossible. Therefore, because general compliance with the stipulation is impossible, the stipulation should be removed in its entirety.

**REQUESTED PHO STIPULATIONS**

To summarize, the overall requested stipulations for this PHO request are as follows:

**STIPULATIONS**

1. *That the site be developed in accordance with the site plan dated June XX, 2022.*
2. *That access to Louise Drive be limited to emergency vehicles.*
3. *That parking requirements for future development on this site be based on office and warehouse uses rather than a school use.*
4. *That no motorcycles shall be permitted to be tested outside any building.*

**CONCLUSION**

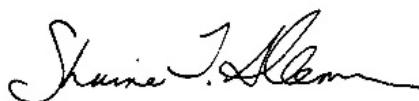

The Applicant requests the modification of Stipulation as outlined above to allow the Property to be developed according to modern industrial standards.

The proposed zoning stipulation modification is accompanied by the following documents:

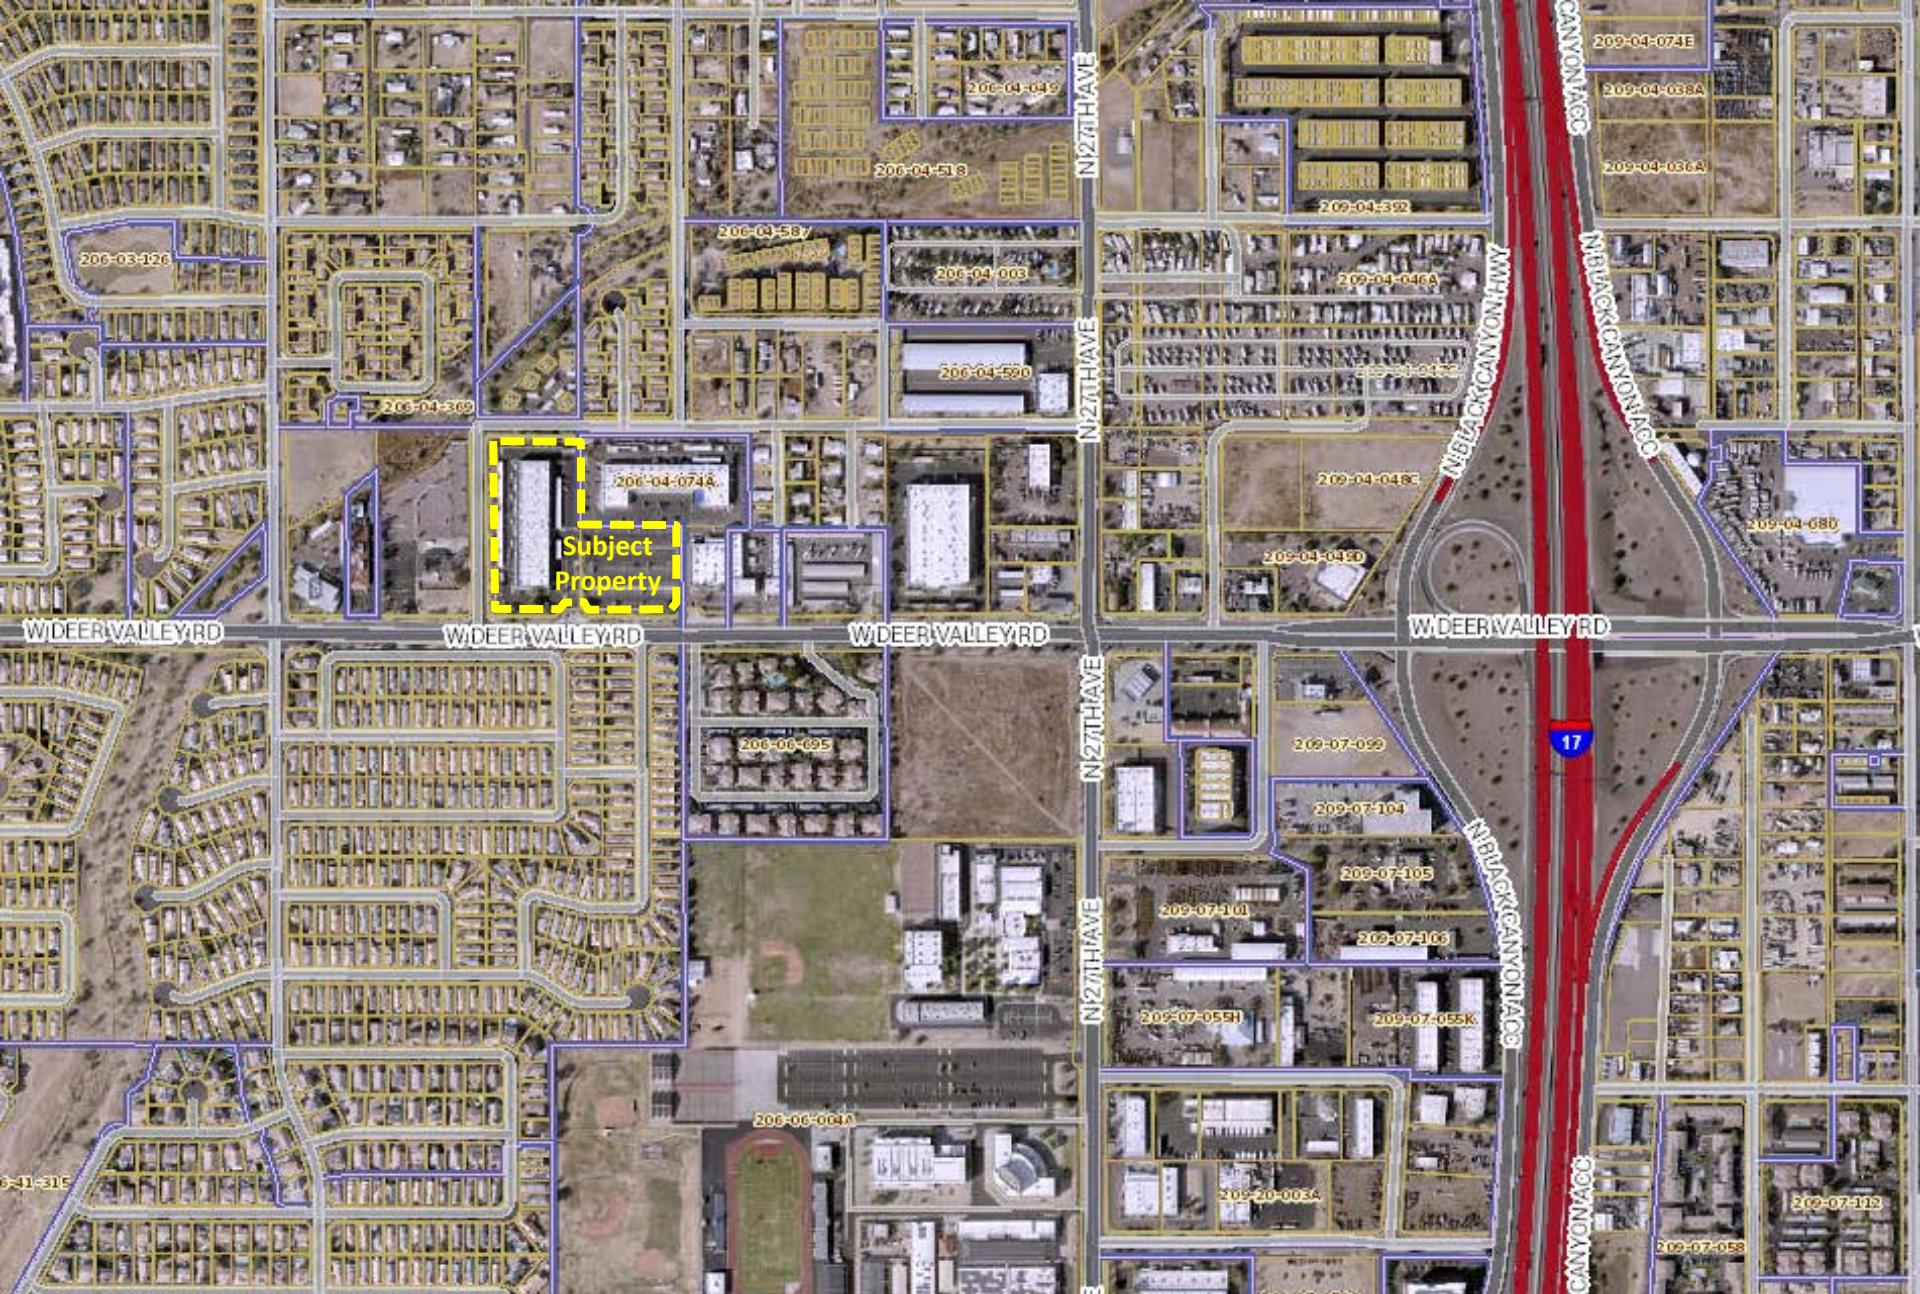

1. Application fee (\$1080);
2. Ownership Verification Form;
3. Information Form & Property Information Form;
4. Proposed Site Plan (2 copies – 24" x 36"; 1 copy – 8 1/2" x 11");
5. Proposed Project Elevations (2 copies – 24" x 36"; 1 copy – 8 1/2" x 11");
6. Parcel map with Property area identified (**Exhibit 2**);
7. Legal Description;
8. Property Owner Notification Requirements;
9. Prop 207 Waiver;
10. CD with electronic copies of submittal.

If you have any questions or need any additional information, please do not hesitate to contact me at [sta@tblaw.com](mailto:sta@tblaw.com) or (602) 452-2712.

### STIPULATIONS:

1. That the site be developed in accordance with the site plan dated April 26, 2002, as further modified to eliminate cross access on the north side of the property, and to eliminate the two driveways on Louise Drive, and eliminate the access on 30<sup>th</sup> Avenue.
2. That access to Louise Drive shall be limited to emergency vehicles.
3. That parking requirements for future development on this site be based on office and warehouse uses rather than a school use.
4. That no motorcycles shall be permitted to be tested outside any building.
5. That the applicant shall notify Mr. Bob Buse, 3014 West Deer Valley Drive, Phoenix, of site plan review by the Development Services Department.

Sincerely,

Sandra Zwick  
Principal Planner

**III. DISCUSSION AND POSSIBLE RECOMMENDATION**

**A.** Review of schedule of upcoming Camelback East Primary Core Specific Plan amendment and zoning amendment requests. Effectuated location is the southeast corner of 24th Street and Camelback Road.

Ms. Hood noted the request is a privately initiated Specific Plan amendment to the Camelback East Core Specific Plan for the southeast corner of 24th Street and Camelback to amend the building height for a proposed 230 foot office building and a 210 foot condominium tower. The site current shows a 135-foot maximum building height for both buildings. The second amendment deals with setbacks. The applicant is asking for 120 feet for any building higher than 56 feet. The Plan's design guideline is currently 150 feet maximum. The village planning committee has held one meeting. A public meeting is planned for September 16, 1995 at the Los Olivos Center on 28th Street and Indian School. The Planning Commission meeting is scheduled for October 9 with City Council tentatively scheduled for November 6. Staff has sent out 1,500 post cards notifying the surrounding community.

Mr. Sasser questioned the need for the parking waiver requests. Mr. Richert said the request is based on peak demands which is something they have moved into over the last 10 to 12 years. They are not asking for any more entitlements in terms of square footage. It is a design issue or whether they should go higher or go wider, and most of the parking will be underground. Mr. Hamel inquired if the Commission would be interested in a briefing at the October 9 Briefing Session on the basis of how the previous decisions were made. Mr. Sasser said the information would be helpful, but the real issue is how it is going to affect the development today and the surrounding community. Ms. Savage said she will assume if it is a big enough issue, they will be briefed. Mr. Bielecki said given the magnitude of the original case, the time that has elapsed, and the fact that it is an amendment to the Specific Plan, he

Zoning Hearing Officer Recommendation: It is recommended this request be approved, subject to modified stipulations.

Staff Recommendation: It is recommended this request be approved, subject to stipulations.

Village Planning Committee Recommendation: The Deer Valley Village Planning Committee reviewed this application at their meeting on July 19, 1996. The Village Planning Committee recommended this request be approved, with a stipulation that adequate parking be provided for the staff and students of the existing school and the proposed addition.

### Z. H. O. H E A R I N G H I G H L I G H T S

Staff - Mr. Muenker stated the subject property is in an area designated for industrial use by the General Plan. He noted this proposal would allow the site to be assembled and used in conjunction with expansion of the adjoining motorcycle mechanics school. Stipulations of approval are consistent with those placed on that schools zoning approval, particularly as they relate to prohibiting outside testing of motorcycles.

Applicant - Mr. Jason Morris, of Beus, Gilbert & Morrill, represented the applicant. He stated an expansion of the existing facility to the west is needed for future expansion. He noted his client has Village Planning Committee support. He voiced concern regarding stipulation no. 3, noting most students and instructors ride motorcycles; therefore, this

site does not need as many parking spaces. He would like stipulation no. 3 to be removed so they would have the option of seeking parking variances.

Ms. Thelda Williams asked if this would allow an increase of students.

Mr. Morris responded it would not change the operation whatsoever.

Opposition - None.

ZHO - Ms. Thelda Williams stated this is a compatible expansion of an existing use. Her main concern is to minimize effects on the existing residential uses in the area. She recommended approval, subject to stipulations, with a modification to stipulation no. 2, that access to Louise Drive be limited to emergency vehicles.

## FINDINGS

1. The proposed use is in conformance with the land use designation in the General Plan.
2. The proposed use is an expansion of an existing use.
3. There are a few scattered residential structures in the area to the north and west. Much of the area on the south side of Deer Valley Drive is currently being developed with single-family residential neighborhoods. Efforts should be made to minimize potential impacts on these residential areas.

## RECOMMENDATION

It is recommended this request be approved, subject to modified stipulations.

## STIPULATIONS

1. That the site be developed in accordance with the site plan dated June 20, 1996.
2. That access to Louise Drive be limited to emergency vehicles.
3. That parking requirements for future development on this site be based on office and warehouse uses rather than a school use.

August 5, 1996

Page 3

4. That no motorcycles shall be permitted to be tested outside any building.
5. That the applicant shall notify Mr. Bob Buse, 3014 West Deer Valley Drive, Phoenix, of site plan review by the Development Services Department.

A. Application: **Z-97-96-1**  
Request: Modify stipulation regarding: 1) general site plan conformance (to relocate shared driveway); and 2) add driveway at 30th Avenue; acreage: 5.02  
Location: Northeast corner of Deer Valley Road and 30th Avenue alignment.

July 3, 2002

The Deer Valley Village Planning Committee chose not to review this request.

The PHO approved general site plan conformance (to relocate shared driveway, and denied the request to add driveway at 30th Avenue, with the following modified stipulations:

1. That the site be developed in accordance with the site plan dated June 20, 1996. April 26, 2002, as further modified to eliminate cross access on the north side of the property, and to eliminate the two driveways on Louise Drive, and eliminate the access on 30th Avenue.
2. That access to Louise Drive shall be limited to emergency vehicles.
3. That parking requirements for future development on this site be based on office and warehouse uses rather than a school use.
4. That no motorcycles shall be permitted to be tested outside any building.

## REPORT OF PLANNING HEARING OFFICER ACTION

Ms. Sandra Zwick, Principal Planner, Hearing Officer  
Ms. Bernadine Alling, Planner II, Assisting

June 5, 2002

**SUBJECT:**

Application #: **Z-97-96-1**  
Zoning: C-2 SP PCD Q.S. 43-22  
Location: NEC of Deer Valley Road & 30<sup>th</sup> Avenue alignment  
Acreage: 5.02  
Request: Modify stipulation re: (1) general site plan conformance (to relocate shared driveway), and (2) add driveway at 30th Avenue  
Owner: 2844 West Deer Valley, LLC  
Representative: Cawley Architects - Paul Devers

**PLANNING HEARING OFFICER RECOMMENDATION:** (1) Approval re relocating shared driveway. (2) Denial re adding 30<sup>th</sup> Avenue driveway.

**VILLAGE PLANNING COMMITTEE RECOMMENDATION:** The VPC chose not to review this request.

**DISCUSSION:**

Mr. Paul Devers, 4144 N. 44<sup>th</sup> Street, Ste.D, 85018 stated the Motorcycle Institute proposed relocating the shared driveway (on Louise Drive) to Deer Valley Road. This driveway would be obstructed by the existing retention area, and also was not needed by the two property owners. This relocated driveway would better connect the proposed parking area along Deer Valley Road. The second request – to place a driveway at the northwest corner of the site along 30<sup>th</sup> Avenue – would provide ingress/egress to approximately 650 parking spaces. Two driveways are currently located along Deer Valley Road.

**Opposition:**

As per letter dated 5/21/02, Mr. Robert Buse expressed concern that the proposed driveway on 30<sup>th</sup> Avenue would add considerable noise and traffic that could last until midnight. Mr. Buse also noted that the Institute currently uses Louise Drive as an entry/exit, which is in violation of current zoning restrictions.

Mr. Joseph ZumMallen, 2935 W. Adobe Dr., expressed concern about the current access onto Louise Drive. Students tend to park all along Louise Drive. Since students tend to test-drive the motorcycles on the streets, Mr. ZumMallen suggested installing speed humps in the event the 30<sup>th</sup> Avenue access was approved. Regarding the Deer Valley driveways, Mr. ZumMallen suggested that one be dedicated to only right-hand turns and the other to only left hand turns.

**FINDINGS:** Ms. Sandra Zwick, Planning Hearing Officer (PHO) noted that on her site visit, the existing fire emergency access on Louise Drive was closed, and vehicles were parked along the interior of the gate. This is a violation. The PHO also observed that several cars were parked along both sides of Louise Drive, thus creating added traffic next to the residences to the north. Regarding the 30<sup>th</sup> Avenue access, the PHO expressed concern about potential impacts related to traffic and noise.

**MOTION:** The PHO moved to recommend approval of the request to relocate the shared driveway to Deer Valley Road, and denial of the request to construct a driveway on 30<sup>th</sup> Avenue.

**STIPULATIONS:**

1. That the site be developed in accordance with the site plan dated June 20, 1996, April 26, 2002, as further modified to eliminate cross access on the north side of the property, and to eliminate the two driveways on Louise Drive, and eliminate the access on 30<sup>th</sup> Avenue.
2. That access to Louise Drive shall be limited to emergency vehicles.
3. That parking requirements for future development on this site be based on office and warehouse uses rather than a school use.
4. That no motorcycles shall be permitted to be tested outside any building.
5. That the applicant shall notify Mr. Bob Buse, 3014 West Deer Valley Drive, Phoenix, of site plan review by the Development Services Department.
