Subject: Z-39-20-7

Good evening,

We have received and reviewed the rezoning request # Z-39-20-7, KIVA no.19-3807, along 91st avenue. My comments are neither in favor nor against the request; however, they are a request for consideration of the needs of our district and local community.

Union Elementary School District #62, has one school east of the property, in the subdivision east of 91st avenue, and south of Durango, Dos Rios Elementary. Additionally, we have two other schools south of Lower Buckeye, on both sides of 91st Avenue (Hurley Ranch & Union Elementary). As a school district our main concern would be for traffic safety of children and families walking to and from school, for limiting any hazardous materials, and for protecting our families from undue traffic and pollution. Additionally, if there are neighborhood association concerns we would ask that you consider those when reviewing the rezoning request. I ask that the zoning commission consider these factors in making their decision.

I would also like to share that our community is in need of restaurants, retail, and groceries. Any future commercial development that incorporate those important businesses would be welcome. If this re-zoning would bring those resources into our community, that would be appreciated.

Should you have any questions, please let me know.

Thank you,
Kristine

Ms. Kristine Morris
Superintendent
Union Elementary School District
