RE: Proposed 2024-2025 Trial Budget

Dear City Manager Barton:

On behalf of the Phoenix Community Alliance (PCA) Board of Directors and membership I am writing to express our collective support of the Trial Budget presented to City Council on March 19, 2024. We understand that the City of Phoenix currently faces financial challenges as a result of previous legislative and gubernatorial actions that have served to reduce City revenues and jeopardize programs and initiatives citywide. The Trial Budget presented is the best mechanism for the City to continue delivery of services while planning for potential reductions of revenue in the future.

To best promote continued economic growth, an increased quality of life, and a vibrant Downtown, our Advocacy Committees respectfully request that no future reductions of resources occur during the budgetary process to the following areas:

- Operations and staffing by the Office of Homeless Solutions. This agency has proven to be instrumental to assisting those experiencing homelessness.
- Grants and public art maintenance administered by the City of Phoenix Arts and Culture Department. Continuation of these services is vital to the cultural experiences of all Phoenixians.
- Programming that promotes active transportation, multi-modal operations, and pedestrian safety. In an evolving city these options are an increasing necessity.
- Current and future staffing within the Department of Planning and Development. Prompt and efficient delivery of services by this department are crucial to delivery of projects that enrich our growing Downtown.

- Historic Preservation incentives and programs utilized to preserve and protect historic assets citywide.
- Should additional resources become available, an increase in FTE in the City of Phoenix Housing Department dedicated to affordable housing solutions would help to provide more inventory to those facing housing insecurity.

As background, PCA is the 40-year-old business leadership and advocacy organization for greater Downtown Phoenix, with more than 320 Members representing 32 sectors and fields of industry. Through PCA's advocacy committees, our Members work to create a stronger downtown for a greater Phoenix.

Thank you for your leadership and skilled allocation of finite resources during the budgetary process.

Sincerely yours,

Patrick McDaniel

FY 2024-25 Budget Comments:

I support reserving the 80 million, because of the following support received in the FY 2023-24 budget and staff's support.

NSD: Adding the Graffiti Busters Permission slip option on line and developing a graffiti brochure, coordination with PHXCares, and the Blight Reduction Program

Parks: Director Aguilar and the Parks Board's multiple efforts and support to keep our neighborhood parks safe

Parks: CIP for the Old Cross Cut Canal Park's aged-out and broken irrigation system and agreement to explore ways to replace some of the grass with other landscape options

Public Works: Agreeing to replace the broken trash lids in the Old Cross Cut Canal Park

Chief Sustainability Officer Mark Hartman: Providing opportunity to discuss options for Pierce and the Old Cross Cut Canal Parks

I respectfully request funding sources be explored to include:

Pierce Park: bathroom remodel and additional Parks' programming

Crime Prevention Through Environmental Design (CPTED) bus stop benches on 44<sup>th</sup> Street from Thomas to Washington and 44<sup>th</sup> to 48<sup>th</sup> Streets

Property lines identified on the westside of the Old Cross Cut Canal Park from McDowell to Thomas Roads

Respectfully,

Ginnie Ann Sumner
