

Report

Agenda Date: 6/6/2018, **Item No.** 58

Arizona Department of Water Resources

For \$36,400.00 in payment authority for Fiscal Year 2018-2019 to pay fees associated with water storage permit applications, groundwater withdrawal, groundwater production, long-term storage credit recovery, and dewatering for the Water Services Department. To responsibly manage the water portfolio for current use and future generations it is necessary to have available funds to legally withdraw additional groundwater and to apply for water storage permits to prepare for potential shortage.
