

Report

Agenda Date: 6/6/2018, **Item No.** 26

Securance, LLC

For \$34,560.00 in payment authority for a new contract, entered on or about June 15, 2018, for a term of six months, for a one-time audit of the City's cybersecurity functions for the City Auditor Department. The contractor will conduct an audit to evaluate the City's performance of cybersecurity functions typical of a security operations center, including: command center, incident response, vulnerability management, forensics, and threat intelligence. These functions identify if City systems are compromised and ensure that the City responds timely and effectively to any potential breach. The scope of the engagement is limited to cybersecurity of the City's primary network and security is provided by the Information Technology Services Department. This item was approved by the Audit Committee on May 9, 2018.
